

CLEANION PRO

Application and Specifications

Product Information

Cleanion Pro is an ultimate car wash shampoo that provides high foaming and citrus fragrance with its concentrated formula. It softens the bond between the surface and dirt particles, provides easy cleaning by reducing surface abrasion for hard-to-shift grimes. It has been specifically formulated to accompany Nasiol nano coatings.

Application

Machine:

Use Nasiol Cleanion Pro New Formula by diluting 1:1 with a foam lance and 1:100 with a water tank.

Bucket:

- Rinse the vehicle with hose or high-pressure water. Dilute 20mL (2 caps) of Nasiol Cleanion Pro in 10L of warm water.
- Rinse the vehicle thoroughly with hose or high-pressure washer to remove all surfactants.
- Gently dry the vehicle with a soft and lint-free Nasiol Twist Car Drying Towel.
