

CLEAN

Application and Specifications

Application

Only work on cool surfaces. If required, pre-clean the surface properly, to get rid of heavy dirt and contamination. Clean the surface by applying Nasiol Clean to remove any dust, dirt and residual contamination.

Specifications

Packaging	150/500 mL
Application Temperature	5°C-30°C
Appearance	Colorless Liquid
Density @23°C	0.79 g/cm ³
pH Value	5-5.5
